Interware Development Co. is PLGIT's e-service partner providing innovative solutions that benefit your municipality:

- Receipt of 100% of the funds
- Customer pays convenience fee
- Improved service and cash flow
- Basic or customized payment options
- Customize your website to accept payment options
- Website safety - EB2Gov is PCI Level 2 Compliant

Benefits to customers include:

- 24/7 access to municipal services
- A shopping cart feature for multiple transactions
- Immediate notification of payments
- Electronic bill notifications
- Access to records and bills online

PLGIT has partnered with Interware Development Company (IDC) and Global Payments Inc. to bring a comprehensive program to accept electronic payments with credit and debit cards as well as a customer's checking account online and over-the-counter for any bill or service provided by your municipality. The EB2GOV website offers basic and enhanced payment acceptance options.

Contact Your PLGIT Representative Today at 1-800-572-1472 for Details!

* VISA available for all transactions on the web; over-the-counter for tax purposes only. AMEX not included in the program.

**EB2Gov is created by
Interware Development Co., Inc. (IDC)**

About IDC:

Interware Development Company is dedicated to bridging communications between local government and citizens through innovative software and web-based solutions. It has been building local government solutions since 1989 and serves over 125 municipal clients. Its mission is to provide innovative software, expert conversion of current data, in-depth training and on-going user group meetings as well as high level technical support to municipal governments, schools and state agencies. Their software provides a complete set of tools that can be utilized independent of any other entity, if desired – a local solution, keeping customers in control of their data and their processes.

Global Payments Inc. is one of the world's largest electronic transaction processing companies and serves hundreds of organizations, financial institutions and governments agencies that use its acquiring, processing, Internet and consumer money transfer services.
