

2026 L.W. "Red" Davis Award

The recipient of the 2026 L.W. "Red" Davis Award is John Berti of the Wyoming Valley Sanitary Authority.

John is an information technology professional; he holds a leadership position in one of our largest authority organizations serving in over 36 communities. He has managed the authority's technology and communications for over 200 employees in multiple projects and facilities throughout their operations.

He is a past Regional 3 Director and President of PMAA. His continuing involvement on the Conference Committee, the Association Awards & Recognition Committee, the Legislative Committee, and as a resource in cybersecurity and AI initiatives provides invaluable expertise to the Association.

John enjoys jogging, cycling and playing guitar. He also volunteers for other events which support, among other non-profit organizations, Habitat for Humanity, Rails to Trails, the SPCA, local animal shelters, the YMCA, Lions Club and the Back Mountain Triathlon.

John is a graduate of Misericordia University with a Bachelor's degree in Management of Information Technology.
