

## **GIS/Digital Systems Supervisor**

Fox Chapel Authority seeks qualified applicants for the position of GIS/Digital Systems Supervisor. The salary ranges from \$80,000 to \$90,000. Applicants will be interviewed on a rolling basis until the position is filled.

**Position Summary:** Works with Authority Manager and others to perform and oversee all aspects of the Authority's GIS and digital environment as well as perform operations supervision and coverage on a rotating on-call basis. The ideal candidate will have educational or work experience in GIS, information technology and experience in water and/or public works operations. Candidates with relevant and varied backgrounds, with a commitment to public service and a willingness to learn, are also highly valued.

Candidates should submit resume and completed application via email to [hr@foxchapelwater.com](mailto:hr@foxchapelwater.com).

Application and job description are available at [www.foxchapelwater.com](http://www.foxchapelwater.com).
