

# MANAGEMENT WORKSHOPS

April 26, 2023 • The Hotel Hershey  
May 5, 2023 • Seven Springs  
May 12, 2023 • Virtual

8:00 - 8:30 a.m.

## Registration and Networking

### 8:30 - 9:00 a.m. Legislative Update

PMAA Government Relations staff will provide an overview of legislative activities including newly enacted state laws, legislation currently under consideration in the Pennsylvania House and Senate, upcoming federal and state agency regulatory and policy initiatives, and other related areas of interest.

### 9:00 - 9:30 a.m. Department of Environmental Protection (DEP) Water & Wastewater Update

DEP representatives will present an overview of current compliance issues relevant to wastewater and drinking water projects, including new regulatory and policy initiatives.

### 9:30 - 10:00 a.m. Lead and Copper Rule Revisions (LCRR)

- Michael Schober, P.E., BCEE, Vice President & Business Development Director, ARRO Consulting, Inc.

The EPA recently updated the 1991 Lead and Copper Rule requiring public water providers to develop a water service line inventory by October 2024. The new rule will require system owners to identify not only if their public service system is lead free, but also document if private services are lead free. This presentation will offer an overview of what you need to know, the new LCRR requirements, the reason for its implementation, how the inventory is to be documented and tools to assist you.

10:00 - 10:15 a.m. • Break

10:15 - 10:45 a.m.

## Extending the Value of Survey with GIS - Building Blocks of Long-Term Asset Management

- Mark Maguire, GISP Practice Area Leader, Herbert, Rowland, and Grubic, Inc.

Geographic Information Systems (GIS) software has never been more accessible and affordable, while adding value to wastewater asset systems beyond an X, Y location on a static map. Paired with survey data, GIS online maps and field apps provide powerful tools for assessing condition, tracking problem areas, and managing records over time. This presentation will demonstrate easy-to-deploy GIS workflows and tools through case studies of survey data collection projects, with focus on sanitary collection systems.

10:45 - 11:15 a.m.

## Financing Authority Projects in 2023

- Laura Kurtz, Esq., Eckert Seamans Cherin & Mellott, LLC

Authorities will be looking for fiscally responsible ways to pay for projects in this current market. Aside from traditional financing methods, state and federal moneys are available to fund certain projects in the form of grants and low interest loans. Learn how grants and other state funding programs can help finance all or a portion of your projects and can be combined with other financing methods to mitigate the impact of the current high interest rate environment.

11:15 - 11:45 a.m.

## Solicitor Update

- Steven Hann, Esq., Hamburg, Rubin, Mullin, Maxwell & Lupin
- Michael Witherel, Esq., Witherel Kalina Law Group

This session will address recent litigation as well as federal and state initiatives that affect municipal authorities.

11:45 a.m. - 12:15 p.m.

## The Value of Authority Ownership of Public Water and Sewer Systems

This panel discussion of association members will share an overview of PMAA's latest publication designed to educate customers, public officials, and communities on the benefits of public authority ownership. Authority case studies and suggested strategies to combat privatization will be presented.

12:15 p.m. • Lunch and Networking

## FAQ's

### Are sessions applicable to credits?

Credits are pending approval.

### Speakers and topics are subject to change based upon availability.
