

February 10, 2026

The Authorities Future Leaders Scholarship has achieved great growth over the past three years, presenting over \$16,000 in scholarships to nine deserving individuals. Funding is being used for recipients to pursue degrees in environmental studies, government relations, engineering and business, and to pursue operators' licenses.

The PMAA Future Leaders Committee is seeking continued growth of the program in 2026, to give away even more funding to deserving individuals while increasing knowledge and awareness of authority service and the need for qualified employees in the industry.

As the so-called "silver tsunami" impacts our industry, we must engage the next generation for effective succession planning. The scholarship helps promote organic growth and engagement and assist in building the next generation of authority employees. However, we can't continue to sustain the program without adequate funding/reserves to offer scholarships year-after-year.

For the past two years, we have held a Silent Auction, but this year we are trying something new – the **2026 Future Leaders Golf Classic** to be held in June. We hope you will consider supporting the scholarship fund by participating in the golf event, donating an item for inclusion in the raffle, or simply directing a monetary donation to the scholarship fund.

Your donation to the scholarship fund through private giving, or donation of items for the raffle, is appreciated and will help keep this opportunity for future applicants possible for the years to come.

If you have any questions, please feel free to reach out to PMAA - Mandi Glantz at (717) 737-7655 or glantz@municipalauthorities.org.

Thank you for your support!
