

### Utility Technician I & II

Are you looking for a meaningful career where you can make a real difference every day? At **Lehigh County Authority (LCA)** in **Allentown, PA**, we're dedicated to providing high-quality, affordable water and sewer services that our community depends on.

We are currently hiring motivated individuals for our **Utility Technician I & II** roles, who are ready to join a dynamic, team-oriented environment and help keep our essential services running smoothly.

#### What You'll Do

You will have an opportunity to make a significant contribution to the success of LCA through the following core job responsibilities:

- **Vehicle and Equipment Operation:** Operate CDL and non-CDL vehicles, along with equipment such as air compressors, jackhammers, vac-all, pumps, jet trucks, and vactor units
- **Maintenance & Installation:** Perform jetting, access manholes, and assist with water/sewer infrastructure. Assist with installation and repair of valves, hydrants, manholes, sewer lines, and meters
- **Building and Equipment Maintenance:** Conduct general maintenance of building grounds, equipment, and snow removal, salting & plowing when needed
- **Task Execution:** Follow work orders, requisitions, and procedures to complete tasks independently
- **Material Inspection:** Receive and inspect incoming materials for accuracy and damage
- **Line Tracing:** Uses water & sewer line tracing equipment and software as necessary
- **Traffic and Customer Service:** Erects barricades, directs traffic, and provides courteous customer service
- **Additional Duties:** Performs other related tasks as needed

#### What We're Looking For

- **Education:** High School diploma or GED equivalent required
- **Licensure:**
  - Level I requires the ability to obtain:
    - CDL Class B license with air brakes and tanker endorsement within 120 days of hire, and,
    - Class E water distribution license and/or collection system license
  - Level II requires a current & valid:
    - CDL Class B license with air brakes and tanker endorsement, and,
    - Class E water distribution license and/or collection system license
- **Schedule:** Monday-Friday, 7:00 am-3:30 pm. 24/7 stand-by service required for a minimum of 2 weeks per year
- **Work Environment:** Must be able to work in all outside weather conditions
