

JOB POSTING

Utilities Department
Sewer and Water Plant Operations
Utility Worker

Position Summary

Cranberry Township, Butler County, is seeking applicants for a full-time entry-level position for a Utility IV, Labor Grade I at the Wastewater Treatment Facilities within the Utilities Department reporting to the Plant Manager.

This is a bargaining unit position that is responsible for (but not limited to) performing various activities at the Township's Wastewater Treatment Facilities. Duties may include, but are not limited to:

1. Inspecting, performing electrical troubleshooting and repairs at pumping stations and the wastewater treatment plant.
2. Assisting in the operations, maintenance and monitoring of water/wastewater equipment, distribution, and collections systems
3. Diagnose, repair and perform preventive maintenance of water equipment
4. Collecting samples and performing routine lab tests
5. Maintaining records
6. Assisting others in the repair of machinery and equipment
7. Performing general labor, plumbing, maintenance, and housekeeping duties.

The successful applicant for this position must have basic math skills, be able to follow instructions and work independently, as well as in conjunction with other Township personnel.

Position Information

Required Qualifications:

The Utility IV, Labor Grade I position requires a H.S. diploma or G.E.D supplemented by at least one (1) year of experience in a team environment, six (6) months of personal or professional experience that demonstrates the applicant is both mechanically and electrically inclined, able to work at elevated heights, and at least six (6) months experience that demonstrates an ability to utilize technical hardware (computers, tablets, etc.) and software (Microsoft Office programs). Candidates must have a valid insurable driver's license.

This position will require the successful applicant be able to work outside for extended periods of time, lift up to 75lbs, stand and walk for long periods of time, stoop/bend over to pick up objects, perform repetitive laborious tasks, able to work at elevated heights and safely use construction equipment.

Internal Posting Date: 2/4/2026 – 2/11/2026
External Posting Date: 2/12/2026 – 2/26/2026

Preferred Qualifications:

At least two (2) years of experience within the water and wastewater industry; at least two (2) years of electrical experience, including operating single and three phase circuits, interpreting Piping and Instrumentation Diagrams (P&IDs), typical control schematics, instrumentation sizing and selection, process control programming, and panel layout diagrams.

Hourly Wage pursuant to Collective Bargaining Agreement (CBA): \$30.08.

Fringe benefits include, among other things, health and vision benefits, and a generous deferred compensation plan. Specific questions regarding benefits can be sent to Human_Resources@cranberrytownship.org
